But it takes NYC Citizen Pruners to keep a tree healthy and life-giving oxygen. And the fall 2023 NYC Citizen Pruner Course registration opened on September 25th. The registration link is posted on Trees New York's

home page, www.treesny.org under "monthly announcement". While the course fee is \$100.00, ESNA will reimburse members who successfully complete the course. Space is limited, so please sign up as soon as early as you can. The fall 2023 Course is being held both in person and via zoom.

Welcome Back, Good Friends!!!

MSK Pavilion Update

MSK Pavilion Update -In the Late Spring edition of ESNA EXTRA, we wrote of Memorial Sloan Kettering Cancer Center's intention to construct a new 31 story acute care inpatient hospital building on York Avenue and E. 66/67th Streets. Note that the project has not yet been publicly reviewed by the Uniform Land Use Review Procedure (ULURP). Meanwhile, the word, unconfirmed, is now that the existing building will be demolished in 2024. ESNA will keep its ear to the ground, so to speak. More information will be published, as it becomes publicly available.

**Heading to the Bentley Hotel -
with nothing more than the
clothing on their backs.**

And don't forget to donate the much needed gently used clothing and footwear for infants (newborns to 18 year olds) to adults for the migrant families staying there.
